

Flat Backs Hotfix

Flat Backs Hotfix are loose crystal elements with a flat reverse side that has been pre coated with a heat sensitive glue. These Flat Backs can be easily applied to a large range of textile carrier materials using heat to produce a durable and long lasting crystal effect.

Flat Backs Hotfix are available in a multitude of colors, shapes, and cuts. The increased light reflection and warmer appearance of the Flat Back Rose are achieved through a special silver mirror on the reverse side.

The most innovative single item in this product group is art 2078 XIRIUS Rose, with the most progressive and unique cut on the market multilayer cut technology, producing the inspiring XIRIUS star design. Superior shine and rich, well balanced refraction of light redefine the market standard.

Swarovski's outstanding quality in crystal elements is underlined by the highest precision in table size and diameter.

For details on available colors and effects for each article within the product groups, please see the product matrix of the respective item in the Collection 2021. For color and effect samples, please see the corresponding color chart.

The plating resistance of effects is tested according to Swarovski's plating guidelines (SWAROVSKI.COM/S-PROFESSIONALS). Customers are advised to carry out their own tests if their plating parameters diverge from Swarovski plating guidelines.

¹ Majestic Blue's intense ultramarine hue is difficult to recreate accurately in print due to the fact that the CMYK color spectrum is used in the printing process. In order to get a truer impression of its color, please use RGB digital pictures or, ideally, ask for actual samples.

² Only available in limited sizes.

Classic Colors/Effects: This color range offers a wide choice of traditional Swarovski crystal colors and effects.

Exclusive Colors/Effects: This color range is offered exclusively by Swarovski.

Colors and effects can appear different when illuminated with different light sources. Swarovski uses standard light source D50 for color decision and comparison. Slight changes in shades are unavoidable. Colors may vary according to cut and foiling.

The composition of Advanced Crystal is compliant with regulatory industry norms and laws regarding the restriction or prohibition of certain substances in the most relevant segments of our customers. Please note that the compliance of the crystal colors Light Siam and Siam varies according to certain industry regulations. Those regulations are indicated with * in the compliance overview. Indian Siam and Scarlet (option to Lt. Siam) conform to all CLEAR-lists. For further information please visit swarovski.com/s-professionals
