Archet (To), transparent wall bracket for hanging lamps

November 21st, 2024, 14:05

DESCRIPTION

Archet(To) is a creation patented by Creative-Cables, made in Italy to create a suspension lamp and to be able to hang it wherever you want. Its shape resembles an arch (a parenthesis? A smile?), it allows you to hang a wall lamp, even with a lampshade with a maximum diameter of 70 cm and a maximum weight of 3,365: Archet(To) will bend according to the weight of the lamp!
It won't be too difficult to find the right space for Archet(To): thanks to its light transparent polycarbonate structure, it easily adapts to any environment.
