

CBBB-F05

Globe Led Bulb G125 Smoky Magnetic E27 2.8W 90Lm 1800K

February 01st, 2025, 20:54

DESCRIPTION

It contains a straight and vertical filament that, when you shake the bulb, detaches from one side, rests on the glass and takes on ever-changing shapes. It's as if the bulb itself comes to life, offering an interactive lighting experience. Every time it is turned on, a new light appears. The smoked glass means that when the bulb is turned off, the glass looks gray and elegant, but when the light is turned on the magic begins.

PRICE

	Lot	P.V.P. excluding VAT
