

PROFILE OF REPORTS

File No:090483_0_000

MASTER CONTRACT: 181489

Date: November 6, 2008

Submittor:

Replaces: October 8, 2008

Salcavi Technic SpA
Via dell'Industria 1
Talamello, Pesaro 61010
Italy

Att: Mrs. Catia (Administration office)

Fax: 39 0541921494

Note: Conformity Testing (Re-Ex) Reports separated from Prototype Reports

Factories

Contact No	Name & Address	File No/Factory
4562144	Via Dell' Industria 1 - Loc, Campiano 61010 Talamello (PS), Italy	Inspection Office: Contract No KEMA, ITALIA LL 90483/181490 (As per customer request)
Report -1	Project -2, -3	Contact No Subject November 13, 1991 - PART A: Single conductor equipment wire, Type "TEW". 1015 PART B: Single conductor radio circuit wire, Types TR-64 and TR-32. 1007, 101 1013 PART C: Multiconductor round (2 or more conductors) appliance wiring material, Class I/II, Group A/B, using TPE and/or PVC insulation with a PVC jacket rated 30V, 150V, 300V, 80C, FT1. 2448
-6		No report issued under this Application issued under -1 Project.
1140078		August 5, 1994 - Single conductor construction, AWM, Class I, Group A/B, 105C, 300V, FT1, PVC. 1569
1318477	4562144	November 27, 2000 - Types SPT-1, SPT-2, SPT-3, SVT, SJT and ST, 60C and 105C. May 30, 2002 - Part A: AWM, single conductor construction with PVC insulated conductor, Class I, Group A, rated at 80C, 300V, FT1, FT2. 1729 Part B: AWM, single conductor construction with SR-PVC insulated conductor, Class I, Group A, rated at 80C, 300V, FT2. 1061 1195 1208

Part C: AWM multiconductor round straight or coil construction with PVC insulation, PUR jacket, Class I/II, Group A, rated at 80C, 300V, FT1, FT2. 20233

1360842

October 7, 2002 - Update to report 1318477.
Addition of: Part D: AWM multi-conductor round construction with PVC insulation, PVC jacket, Class I/II, Group A, rated at 105C, 300V, FT1. 2103
Part E: AWM single conductor construction with FEP insulated conductor, Class I, Group A, rated at 105C, 200C, 300V, FT1, FT2. 1332, 1333

1583430

September 8, 2003 Contact Management Change bill to payer from Mr. Daniele Sebastiani.
January 17, 2005 - Class 5851 01 - Update to report 1318477, AWM, single conductor, Class I, Group A/B, rated 200C, 250C, 300V, 600V, FT1, FT2 with PFA insulation. 1726, 1727

2059177

October 8, 2008 - Update Report 1140078 to requirements of C22.2 No 49-06 and Certification Notice "Wire & Cable No 128" and to add alternate PVC Compounds PZH 90 3S Ca-Zn (insulation) and GZH 74/S Ca-Zn (jacket).

2107315

November 6, 2008 - Update Report 1140078 to add Class 5831 81 (CSAus Mark).

/mer

CONFORMITY TESTING (RE-EX) REPORTS ONLY:

-	1870517	4562144	January 26, 2007 - Class 5851 01 - Ongoing Conformity Testing of Appliance Wire , Single AWM I A/B 105C, 300V, FT1, PVC selected on May 31, 2006, Legacy File 90483. Non compliance of Marking.
-	1870525	4562144	January 26, 2007 - Class 5831 01 - Ongoing Conformity Testing of Flexible Cord Wire, SVT 105C FT2 selected May 31, 2006 Audit, Legacy File 90483.
-	1870507	4562144	April 26, 2007 - Class 5835 01 - Ongoing Conformity Testing of Equipment Wire, Type TEW, 105C, FT1 selected May 31, 2007, Legacy File 90483. Non-compliance; Marking issue. Written corrective action to be sent by the client.
-	1974835	4562144	November 23, 2007 - Conformity Testing of Flexible Cord Wires, SPT-2 105C VW-1 selected June 11, 1007 Audit, Legacy File 90483.
-	1974840	4562144	November 23, 2007 - Conformity Testing of Radio-circuit Wires, TR64 90C FT1SPT-2 105C

-	1974800	4562144	<p>VW-1 selected June 11, 1007 Audit, Legacy File 90483.</p> <p>January 13, 2008 - Conformity Testing of Appliance Wire, Single AWM I A/B 105C 300V selected June 11, 2007 Audit, Legacy File 90483. Len Mitchell letter dated January 3, 2008.</p> <p><i>Marking Issue; non-compliance with Clause 7.7.3.1 and Wire and Cable Inform No. 122. The marking legend is missing Type Designation (AWM) and Voltage Rating. The CSA portion of the marking legend should read "CSA AWM I A/B 105C 300V FT1". Resolution: Client to provide written corrective action.</i></p>
-	2047358	4562144	<p>July 22, 2008 - Conformity Testing of Flexible Cord Wire SPT-2 105C FT2 VW-1 selected March 3, 2008 Audit, Legacy File 90483.</p>
-	2047350	4562144	<p>August 21, 2008 - Conformity Testing of Equipment Wire, TEW 105C FT1 selected March 3, 2008 Audit, Legacy File 90483. Michael Heeschen letter dated August 20, 2008. <i>Issue: Test Results Unsatisfactory - Non-Compliance with CSA Std. C22.2 No 127-99 Requirements pertaining to "marking requirements of Inform No 122". Resolution: Client to provide written corrective action.</i></p>
